## **Peace of Mind with Aerial Platforms Ltd**

### **APL Protect and APL Protect+**

**Why?** – All APL machines are hired out under CPA terms & conditions of hire, whereby the HIRER is responsible for the loss or damage of equipment hired. Costs of damages in use can be extremely high, and if the machine is lost or stolen, the full replacement cost could be more than 100 times the weekly hire rate.

**How much will it cost ?** – APL Protect is 10% of the hire rate, APL Protect+ is 20% of the hire rate.

**What does APL Protect and APL Protect+ cover?** – APL Protect and APL Protect+ will cover all repair expenses and accidental damage except those specifically excluded beneath.

**How do I apply?** – To take advantage of APL Protect, simply register your interest with the Hire Desk Controller and the charge will be added to your hire invoice. It is not compulsory, but we strongly recommend you consider this cost effective precaution! There are two levels of protection.

**Are APL Protect and APL Protect+ classed as insurance?** – APL Protect is designed to offer customers an indemnity against machine damage charges plus a number of other liabilities, subject to their meeting basic obligations under the hire contract.

APL Protect is an indemnity scheme, operated by APL, NOT an insurance policy. No underwriters or third parties are involved.
